Re: Hudson Transit Lines, Inc. (Shortline)

Dear Ms. Gorenberg,

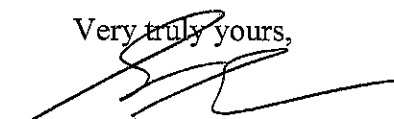

As a follow up to our recent discussions, please let me again reiterate that Hudson Transit Lines, Inc. is committed to complying with all federal and state anti-discrimination laws. As we have also previously advised, the driver involved in this situation has been disciplined and counseled regarding complying with anti-discrimination laws.

As a further follow-up and to insure that there are no futures such events, the Company has engaged the services of its Labor and Employment counsel, Fox Rothschild LLP, to provide harassment and anti-discrimination training for its drivers. Christina A. Stoneburner, a partner at Fox Rothschild LLP is an experienced anti-harassment trainer and will be developing the training materials and will be providing the initial training for our drivers. We anticipate completing this training within the next sixty days. Thereafter, harassment training will be done on a regular basis with new hires and existing employees.

Although we are still in the process of developing the training materials, the training will cover obligations to insure equal access to our services and to prevent discrimination on the basis of all protected classifications including, sexual orientation, gender identity, gender (including pregnancy), race, color, religion, national origin, age, disability, marital status, civil union or domestic partnership status, genetic information, Veterans status, or other protected classification. To that end, we would be happy to provide your training materials to our counsel to see if portions of your materials should be incorporated into our training materials.

Please contact me if you wish to discuss this matter further or if you would like to follow up on the Company's commitment to train its drivers.

Very truly yours,

George Grieve
